

## **Week 2 - Juhani Imberg**

### **What did I learn this week?**

- Nothing really

### **Unresolved things**

- How to organize time better
- The same things as last week

### **How is the program progressing**

- Slowly, didn't have much time last week
- Small work on the parser

### **What will I do next**

- More work on the parser
- More work on the nodes
